

Change to National Coverage Determination may affect your Medicare coverage

The Centers for Medicare & Medicaid Services (CMS) sometimes change the coverage rules that apply to an item or service under Medicare. When this happens, CMS issues a National Coverage Determination, or NCD.

NCDs tell us:

- What benefits and services are covered
- What benefits and services are changing
- What Medicare will pay for an item or service

CMS recently issued an update to the NCD that applies to the following service:

Ambulatory Electroencephalographic (EEG) Monitoring - Retired

Here is a description of the change to the NCD. This affects services given **on or after January 1, 2023**

Services affected	Additional information
<p>The Centers for Medicare and Medicaid Services (CMS) issued an NCD to update Ambulatory Electroencephalographic (EEG) Monitoring.</p>	<p>Effective January 1, 2023, the Centers for Medicare and Medicaid removed the NCD for Ambulatory EEG Monitoring. In absence of an NCD, coverage determinations will be made by the Medicare Administrative Contractors.</p> <p>This summarizes CMS Transmittal 11824 (NCD 160.22)</p>
